

Citizen Science and Responsible Research and Innovation

Claudia Göbel, MfN Berlin Germany

* Fermín Serrano, Ibercivis Spain

January 2017

Background info

- Support RRI practices in Citizen Science and strengthen the linkages between RRI Tools project and ECSA.
- Bring together communities from both sides to leverage synergies.

Current list of members

- Fermín Serrano (chair), Claudia Göbel (co-chair), Marzia Mazzonetto, Ana Casino, Ricarda Ziegler, Hadrien Macq, Silvia Matrai, Melanie Smallman, Guillermo Santamaría, Daniel García, Maite Pelacho, Soledad Luna

JOIN US!

Current status

- Initially conceived as a 6 months project (group started in May 2016), we will last longer.
- RRI Tools project finished December 2016
- Communications via mailing list

Activities

A. Networking events, workshops

- **#CitSciChat on Twitter with Caren Cooper, July 2016**
 - Report and storify available in <http://ecsa.citizen-science.net/blog/summary-results-our-first-citscichat-cs-and-responsible-research-and-innovation>
- **Workshop DITOs Stakeholder event, Berlin November 2016**
 - Report available in <https://zenodo.org/record/250602>
- **Workshop Observatory Citizen Science in Spain + RRI Tools + DITOs, Madrid November 2016**
 - Report included in <https://zenodo.org/record/225678>

Activities

B. Publications

- Document “Citizen Science and RRI” is under development - basis for the ECSA Policy Paper on what Citizen Science (CS) has to offer for RRI.
 - Draft available in <https://docs.google.com/a/bifi.es/document/d/1ybOGhS-2qNhKa3XNOcNcl6-oXJJ8eDHoXwjW4DrDyBM/edit?usp=sharing>
- Collections of guidelines and papers on CS and RRI (through DITOs) – please let us know what more to include:
 - <http://ecsa.citizen-science.net/blog/collection-citizen-science-guidelines-and-publications>
- Adaptation of the RRI Tools toolkit was delayed until final version released

Things to improve

- Internal coordination, also coordination with other WGs
- Deeper engagement of members

Next steps

- January - April: Redaction of policy paper
- April - June: ECSA Position paper on RRI

Aux relevant info

- EC has published a set of scoping papers about the next H2020's phase 2018-2020. Specially relevant is the theme SwafS with several links between citsci and RRI.
 - More info in <https://ec.europa.eu/programmes/horizon2020/en/what-work-programme>
- We have been contacted by two partnerships to join H2020 proposals in 2017
