

European Citizen Science Association - Student Assistant

Job opportunity – Student Assistant in Science Communication at ECSA

The ECSA team is looking for a student assistant to support our tasks in the **Science EngagEment for aDolescentS** ('SEEDS') project.

Job title: Student assistant

Working hours: 15h/week

Salary: 13€/hour

Duration: 30 May until 31. December 2022, with possible extension.

Place of work: Museum für Naturkunde Berlin (currently home office), but remote work possible

Responsibilities include:

- Creating website content relevant to teenagers (<https://seedsmakeathons.com/>) and promoting the content to relevant audiences online via social media (<https://twitter.com/smakeathons>)
- Represent ECSA and SEEDS at citizen science events (online)
- Contribute to dissemination campaigns for teenagers and other stakeholders
- Attend monthly meetings between all partners working on project communications (online)
- Contribute to project administration (e.g. time sheets, reporting, etc.)

Requirements

- Experience and interest in working with partners from different backgrounds
- Experience in online communication, including social media, blog posts, webinars, etc.
- Experience and interest in empowering teenagers to improve their health
- Experience and interest in citizen science and science communication
- Proficient in using MS Office, Google Docs
- Fluency in English (written and oral)
- Valid certificate of enrolment, ideally student engaged in MA studies

Desirable

- Experience with online Content Management Systems (WordPress specifically)
- Additional languages, particularly Greek, Catalan, Spanish or Dutch

Applications should include a cover letter and curriculum vitae. Applications should be sent until 16 May 2022 with reference to job advertisement **ECSA02/2022** to:
