

**European
Citizen Science
Association**

Community & communications officer

job opening no. 5/2022

Become part of our dedicated international team at the forefront of the citizen science movement in Europe.

About ECSA

ECSA is an interdisciplinary, non-profit member association aiming to strengthen science through public participation. It carries out research on citizen science, develops communities of practice, and promotes knowledge exchange across Europe. Our platform eu-citizen.science is a reference point for citizen science in Europe and the ECSA headquarters a reliable partner in research and innovation projects that promote or benefit from citizen science.

Job range:	80% full-time equivalent
Duration:	November 2022 - September 2024 (extension possible)
Place of work:	ECSA Headquarters at Museum für Naturkunde Berlin, and remotely

Your tasks include managing ECSA's communication activities and working on EU funded projects that touch on environmental, natural and social sciences.

- Support the evolution of ECSA's communication strategy and monitor its internal and external implementation.
- Develop dissemination, exploitation and sustainability strategies for projects and report on their execution.
- Expand our existing social media networks and digital presence, keeping the website and community platform up to date.
- Organise ECSA's webinar series.
- Continuous support of the ECSA working groups.
- Support the implementation of analogue, hybrid and online events and conferences.
- Contribute to ECSA's work on accessibility, visibility and inclusivity.

Citizen Science
Association**

What you bring

- University degree in a relevant field
- Strong skills in communication with a focus on corporate, strategic and science communication
- Experience in developing communication campaigns
- Profound knowledge in digital corporate communications and social media
- A clear, structured and target group-oriented writing style
- Ability to prioritise and manage multiple strands of work and competing demands
- A strong hands-on mentality with a high degree of initiative
- Languages: excellent English; German and other European language(s) welcome

You can look forward to

- **Remote working:** We offer you an attractive model of working flexibly in terms of time and location as well as a modern, well-equipped workplace at our headquarters in the centre of Berlin. Within the framework of time recording, you can build up a working time credit and take compensatory days.
- **Compatibility:** A good balance between work, private life and family is important to us. Therefore, we offer our colleagues flexibility in terms of working hours and location.
- **A collegial atmosphere:** You can expect an open working environment and a collegial atmosphere with committed colleagues.
- **Your payscale** will be based on the collective agreement for the public sector (TVöD) Land EG 10.
